not put adhesive on tag 4.

6. Adhere tag 1 to tag 2 so that there is a 1/4" space between tags. Adhere tag 2 to 3, then adhere 3 to 4, ensuring you have a 1/4" space between as shown.

7. Gather remaining tags, grommet side face down. Fold the score lines up. Then, place adhesive on the entire 1" section of tag 5. Place adhesive on the bottom edge of tags 6, 7, and 8.

8. Repeat step 6, but in this order: adhere tag 8 to tag 7, 7 to tag 6, then 6 to tag 5.

9. Adhere tag 5 to tag 4 as shown, to complete the binding of your tag album.

10. Locate (2) 4 3/8" x 5 7/8" August B-side pieces and round the top two edges. Adhere each to black cardstock as shown.

11. Find 3 5/8" x 6 3/4" August B-side pieces and round the top two edges. Adhere one piece to the front of tag 1. Then, adhere the other piece to the back of tag 8.

12. Adhere one 4 3/8" x 5 7/8" August B-side piece with cardstock behind tag 1 so that the piece is flush with the bottom. Repeat this for the back of tag 8.

15. Tag 1 back: Center large *April* die cut image on page and adhere. You can adhere either upside down or right side up.

16. Tag 2 front: Take *January* calendar and calendar woman image; score between the images vertically and fold to create a flap. Close flap.

16a. On the front of the flap, adhere the top, right, and bottom sides of the small rectangular images to the right side to create a pocket. Insert 3 3/4" x 5 1/4" image. Adhere large purple butterfly die cut and attach (1) medium and (2) small silver matte gems to pocket. Round the top two corners.

16b. Adhere closed flap to the front of tag 2 so that the flap is centered and flush to the bottom of the tag. Note that when the flap is opened, about 1/8" - 1/4" of the right edge of the tag will be uncovered. (Optional: create a hidden pocket utilizing the uncovered edge of the tag by adhering just the top, left, and right sides of the flap to the tag.) Adhere 3 7/8" border above; you may need to trim a little.

16c. *January* flap open.

29. Locate *August* B-side scrap paper. Measure the bottom of your album. Trim the scrap paper so that it will fit on the bottom of your album with about a $\frac{1}{8}$ " border all around. (The bottom of our sample album measures roughly $3\frac{7}{8}$ " x $2\frac{7}{8}$ ", so we cut a $3\frac{5}{8}$ " x $2\frac{3}{4}$ " piece.)

30. Insert the second binder ring through tags, then tie 12" pink ribbon around binder ring.
