• You can give the small trinket box extra functionality, to store extra chipboard tags, ephemera, jewelry, or any other small keepsakes. Create a simple divider with a single sheet of paper:

3. Fold paper along score lines per photo; place adhesive on the left exposed side.

4. Attach the right side of the strip to the left side, forming a half circle.

5. Take your third 12" x 1 1/8" strip and score at 1 1/2", 3 1/2", 8", and 9 3/4".

6. Fold paper along score lines; place adhesive on the left and right exposed sides.

7. Adhere paper to one of the half circles.

8. Adhere the other half circle to form a circular shape. Note that one of your dividers will show a small exposed portion of the paper's a-side.

9. Adhere 4 1/2" x 1 1/8" strip over the divider that has the paper's a-side exposed. Insert trinket divider into the small box. Then, use it to store your extra chipboard tags, small jewelry, or other special mementos.
