Find *Abracadabra* paper. Trim off the bottom stamp border, then use scallop-edge or detail scissors to cut out four stamps.

2. Take your collection pack packaging. Cut a 3" x 5" template. Center this template over one 5" x 7" *Full Moon* piece and trace its shape. Use a craft knife to cut out the 3" x 5" shape. Repeat for a second piece.

4. Inside back cover: repeat step 3; use the "Boo!" sticker.

5. To organize your pop-up album, use a pencil to record small page numbers on each page, starting with the blank page to the right of the inside front cover. There are 36 total pages.

6. Take *Hallows' Eve* and cut out all four images. Trim the borders of the "Fly Away" and "There's Magic in the Air" images down to the inner black border. Set aside the other two images for steps 56 & 57.

7. Take *Abracadabra* paper from step 1 and cut out the "All Hallows' Eve" and "There's Magic in the Air" borders. Trim both borders so that you have two 5" long strips each. Then cut out "Magic Spells" and "Spooky" journaling images.

3. Inside front cover: Attach one 5" x 7" frame to the inside cover with at least two layers of foam adhesive. Then adhere the corresponding 3" x 5" piece inside the frame. Adhere two stamps and attach "All Hallows' Eve" sticker.

8. From *Magic in the Air* cut two 5" x 12" pieces. Score each piece at 5" horizontally. Fold the bottom sides up along the score-line to make flaps. With remaining 2" x 12" scrap, cut two 2" x 5" pieces.

9. Take collection packaging and cut out two 1" x 1 1/2" templates. Take one flap from step 8 and place a template 1" from the left and the other template 1" from the right along the bottom. Trace the shapes; you will have four total vertical lines and two horizontal lines. Cut the four vertical lines only. Do not cut the horizontal lines.

10. After making the vertical cuts, pull the two cut sections up and fold along the horizontal lines to create two creases.

11. Unfold the paper and pull the two sections out again, folding along the creases. The two sections of paper that protrude outward will be your pop-up base. Repeat this process for the other flap.

12. Page 1: Adhere the short side of the flap to page 1, so that the large side of the flap is centered onto the page.
