• Explosion Box

1. Take two sheets of *Snowflake Waltz*. Score each piece at 4" and 8" horizontally and vertically.

2. Cut out the snowflake template. (Note: when tracing this template, the side with three triangles must

always be on the diagonal score line. The side without triangles should line up with the 4" score line. You may need to reverse the template as you complete steps 3 - 7.)

3. Take one *Snowflake Waltz*. Fold the paper in half diagonally from the upper left corner to the lower right corner. Place the snowflake template in the upper left corner. Trace the triangle shapes in the template, then cut them out.

4. Now fold paper in half diagonally from the lower left corner to the upper right corner. Place the snowflake template in the lower left corner. Trace the template, then cut out small triangles.

5. Unfold paper. The snowflake designs should be in the upper and lower left 4" x 4" corners.

6. Take your second *Snowflake Waltz* and fold paper in half diagonally from the lower left to upper right corners. Place the snowflake template in the upper right corner and trace. Cut out the triangle shapes in the template.

7. Fold paper diagonally from the lower right to upper left. Place template in the lower right corner and trace; cut out shapes.

8. Unfold paper. The snowflake designs should be in the upper and lower right 4" x 4" corners.

9. Adhere the second *Snowflake Waltz* sheet on top of the first sheet, so that the left edge of the second sheet is flush with the 4" vertical score line on the first sheet. Your paper should measure 16" x 12".

10. Find *Enchanted Journey* (b-side) and cut one 7 3/4" x 12" piece. From this piece, cut three 7 3/4" x 3 3/4". With remaining paper, cut two 3 3/4" squares.

11. Locate *Sugar Plum Fairy* (b-side) and cut a 7 1/2" x 12" piece. From this piece, cut three 7 1/2" x 3 1/2". With remaining paper, cut two 3 1/2" squares. Adhere over the *Enchanted Journey* papers.

12. Find a sheet each of *Endearing Sentiments* and *Holiday Magic*. Cut out the images in photo; keep them grouped as shown.

13. Adhere images over *Sugar Plum Fairy* mats (as shown in image on the following page). Adhere just the top, left, and bottom sides of the Clara and postcard to form pockets. Adhere the top, right, and bottom sides of Mother Ginger image. Insert papers. Attach clock sticker and adhere tree image.

14. Adhere *Sugar Plum Fairymats* inside the base of the snowflake box as shown.

20. Take your second sheet of chipboard and cut two 8" x 2 3/4" and two 8" x 3/4" pieces. Locate your second sheet of *Christmas March* and cut two 8" x 2 3/4" and two 8" x 3/4" pieces; adhere these on top of the coordinating chipboard pieces.

15. Take a sheet of chipboard and cut one 6" x 10" piece. Locate *Festive Fairytale* (b-side) and cut two 6" x 10" pieces. Adhere papers onto both sides of the chipboard.

21. Center and adhere *Christmas March* papers under the roof for added sturdiness.

16. Fold the sides up of the *Snowflake Waltz* paper (while tucking the snowflake corners in) to create a 4" x 8" x 4" box. (Use paperclips to

secure sides for now.) Then, adhere the box so that it's centered onto the *Festive Fairytale* (b-side) base.

22. Adhere chipboard buttons and gingerbread man to the center top of the roof. Then, attach large sticker to the front of the explosion box.

17. Locate *Christmas March* (b-side). Cut one 10 3/8" x 8" piece, then score 1" around each side. Score again at 4" horizontally.

18. Cut along the left and right side 1" score lines (black dots); you will make 6 cuts total.

19. Fold paper to create a roof shape and adhere sides. You may need to rest the roof on top of the snowflake box to ensure a proper fit. Take your 1" hole punch and cut six circles from *Land of Sweets* (b-side); adhere three circles onto each side of your roof.
