Directions:

- Cutting Six Cards:

1. For four cards: Hold the card vertically, open the card and on the card front, measure & mark a horizontal pencil line that is 2½" from the top. Mark a second horizontal line that is 3" from the bottom. Using a ruler and kraft knife, cut along both pencil lines to the card fold, as well as the card fold between the two lines.

2. For two cards: Hold the card horizontally, open the card and on the card front, measure and mark a horizontal pencil line that is 1¾" from the top fold and 1¾" from the bottom. Cut out that center section and save it for later use.
