### Directions:

- For three cards with the large corner fold, cut and fold cards & papers as follows (YouTube tutorial for details):
  - To fold the card, measure from the bottom left corner to  $\frac{3}{4}$ " in and  $\frac{3}{4}$ " up. Make a pencil mark and fold the right corner over the card top towards the pencil mark. Crease with a bone folder.
  - Using Side B of three different months, measure from the bottom up to  $4\frac{3}{4}$ " and make a horizontal cut. On that strip's 8" side, cut at  $4\frac{3}{4}$ " to create a square. Make a diagonal cut from lower left corner to upper right corner. Set aside.
- For three cards with a double top fold, cut and fold three cards & papers as follows:
  - Open three of the cards and lay flat. Fold both sides of the cards into the center fold. Then fold the top center corner back on both sides towards the fold of the card.
  - For each of three months, cut three pieces of Side B, each  $2\frac{1}{2}$ " tall x  $5\frac{3}{4}$ " wide. Set aside
