- Measurements are width x height unless specified.
- The following instructions are for three cards. Use the remaining supplies provided in your kit to create three additional cards by following the steps using other papers!

Directions:

~ Card #1: (Horizontal)

1. Cut a piece of *Sumptuous Floral* (B-side) 4¾" tall x 6¾" wide. Adhere to the front card panel.

2. Cut a piece of *Brilliant Gem* 4" tall x 6" wide. Pop up in the center of *Sumptuous Floral*. This will leave another piece of 4" x 6" *Brilliant Gem*. Adhere to the center inside of the card. Using a pre-cut red strip from *Enchanted Forest*, adhere the strip to the center inside panel of *Brilliant Gem*.

3. With leftover *Sumptuous Floral* (B-side) cut a strip 6¾" x 2¾". Create a pop up by first folding the strip in half with the B-side out. Open the strip and then fold each of the other two ends

towards the center valley fold. Open it and you will have four rectangles with valley fold, mountain fold, valley fold on the red side.

4. On the inside of the card and with the red side up, line the mountain fold up to the center fold of the card with the left edge of the strip lined up with the left edge of *Brilliant Gem*. Glue the first and last rectangles to the card top and bottom.

5. From *Gilded Grandeur*, cut out four of the small rectangle images (your choice). Add one to each of the inside rectangle strips.

6. For the front of the card, locate the princess oval, the knight's head and a fancy strip from *Enchanted Forest*. Pop up at the center front panel. Place the face of the Knight showing through the keyhole. Add the keyhole to the right side. Using circles punched previously from *Enchanted Forest*, add a circle to each end of the strip. Add gems to the keyhole, the circles and around the princess. Add gems to the inside strip.

~ Card #2: Horizontal:

1. Cut a piece of *Exquisite Epoch* (B-side) 6¾" x 4¾". Add to the center card front. From the leftovers, cut a piece to 6" x 3¼". Pop up on the center front.

to Side A and score at $2\frac{3}{4}$ ". Fold on the score lines to create the pop-up. Adhere the pop-up about $\frac{3}{4}$ " in from the right. Choose rectangles to add to the pop-ups or use those as shown in the photo.

4. Cut a strip of flags from Side A. Add a 4" strip draped across the inside left. Add a $2\frac{1}{2}$ " strip of *Happily Ever After* from *Gilded Grandeur* and another strip of $2\frac{1}{2}$ " flags under that strip. Add black gems as shown in the photo.

~ Card #3: Vertical:

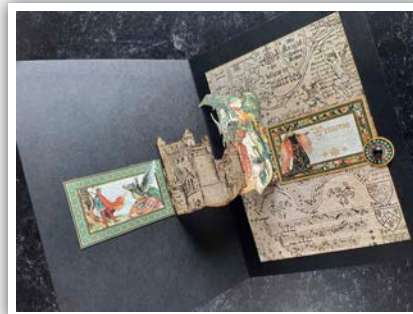

1. *Medieval Splendor* $4\frac{3}{4}$ " x $6\frac{3}{4}$ ". Add to the front center of the card. Cut a piece of *Enchanted Forest* (B-side) 4" x 6" and pop up in the center of the first layer. To the left side and bottom, add two strips of *Enchanted Forest*.

2. To decorate the front, add previously cut fairies from *Enchanted Forest*. From *Medieval Splendor*, cut and add three mini-flags, one area that shows "believe in Fairies" and a small fairy. Add the "Believe in Fairies" to the top of the card, the three flags underneath that and the small fairy behind a keyhole. Adhere the keyhole to the right of the card front. Add black gems to the card front.

3. From *Medieval Splendor*, cut a piece 4" x 6" for the inside of the card and a strip 7" x $1\frac{1}{2}$ ". This will be the pop-up. Fold and adhere to the center of this card the same as card #1. To each panel I added (1) the prince and dragon rectangle (2) the fussy cut castle (3)

the dragon with the princess (4) the princess with space to write. Add a circle previously punched out with a black gem in the center.

You can complete an additional three cards following the same steps using other paper from the collection!
