These cards are fun and easy, so you can create many others using the remaining supplies in your kit, by following the same steps using other papers!

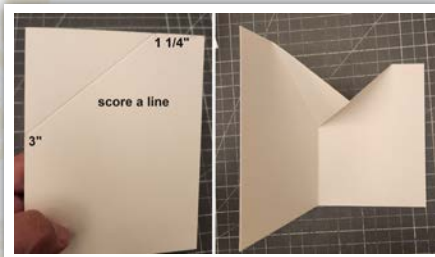

## Directions:

~ Score and fold the 8½" x 5½" cardstock down middle to create 4¼" x 5½" cards.

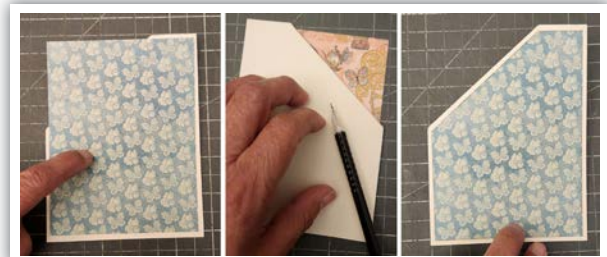

~ Cut three 5½" x 2" pieces of *Create Yourself* (b-side), *Adventure Beckons* (b-side) and *Melodic Missives* (b-side), trim the lateral edges according to the lateral edges of the flaps and add them to the flaps. Add a stamp to the upper right corner of the front section of the envelopes.

~ Card No. 1

1. Take one card and place it vertically in front of you, make a mark on the upper edge at 1¼" from the right edge and make

another mark on the left edge at 3" from the bottom edge. Score a line between these marks in both sections of the card then, fold the triangle sections inside the card as shown in the image.

2. Cut a 4" x 5¼" piece of *Create Yourself* (b-side), place it over the card keeping the face side up, center it between the lateral edges and line it up with the upper edge, flip it over and make a mark on the diagonal edge and trim this piece leaving ⅛" from the mark then, add it to the card.

as shown and add to the folded triangles of the card.

6. Unfold the triangle section of the card, trim and score a line as shown and fold

the triangle again and keep the rectangle section folded in the opposite direction.

7. Fussy cut the elements shown from *Up and Away* and add them to the front of the card, trim 4" of the borders (stickers pink and blue) and add them to the bottom section, finally, add the sticker shown.
