Directions:

- This album has multiple pages with 3 different formats and we are going to convert them in 3 different designs of each format. (Pockets, pages with upper flap and pages with lateral flap)

• Pocket Pages

1. Take the pocket page with the tab on the upper side. Cut the border shown, fold it by the middle and add it to the upper section of the pocket (both pockets of the page). Cut a 12" x 5/4" piece of *Every Seashell has a Story* (b-side), fold it by the middle in the 12" direction and add it to the bottom section of the pocket as we did with the border.

2. For the second pocket page take the card shown and trim the rounded image. Take the second card shown and use the rounded piece trimmed as a template and trim the second card two, then, cut two 5 7/8" x 2 3/8" pieces of *Sandy Toes and Sunkissed Nose* (b-side) and add them to the pockets (both sides of the page) and add the rounded pieces to the pockets leaving around

1" over the upper edge of the pocket. I added a couple of small stickers.

3. Now, the third pocket page. Trim two 5 7/8" x 2 7/8" pieces of *Sandy Toes and Sunkissed Nose*, tear the bottom edge of one piece and add it to the front pocket. Tear the upper edge of the second piece and add it to the back pocket. Take the elements shown (Frames and Tags), switch the frames and add them to each pocket as shown.

4. Cut two 5 7/8" x 5" pieces of each paper (*Take a Dip in the Sea; Sleep-Eat-Beach-Repeat and Enjoy the Waves*). Add these pieces to the upper section of the pocket pages. It is up to you how you prefer to combine them, you can also use the opposite side of the paper too. When you finish the album you

will have many cards to insert into the pockets.

Next, we are going to work with the pages with lateral flaps. There are 3 pages with the same dimensions but I'm going to modify them to get 3 different pages.

- First Page with Lateral flap

5. Place the exterior edge of the lateral flap on the "zero" of the scoreboard and score a line at 1 3/4", fold this section to keep it inside, apply adhesive on the upper and bottom edges to make a lateral pocket as shown.

- 6. Cut a 5 7/8" x 8" and a 2 1/4" x 8" pieces of *Sandy Toes and Sunkissed Nose* (trim

these pieces one next to the other from left to right).

Open the flap of this page and add the wider piece to the main page and add the narrow piece to the left section of the flap. Trim an 8" x 1 1/2" piece of *Sandy Toes and Sunkissed Nose* (b-side) rotate it and add it to the pocket. Insert the card shown into the lateral pocket.

7.-Close the lateral flap, Cut an 8" x 2 1/2" piece of *Sandy Toes and Sunkissed Nose* (b-side), rotate this piece and add it to the left section of the flap. Trim the border shown of *The Beach is Calling* and add it next to the *Sandy Toes and Sunkissed Nose* piece. Add the stickers shown to the lateral flap.

8. Flip over the page. Cut a $3\frac{3}{4}$ " x 8" piece of *Sandy Toes and Sunkissed Nose*, tear the right edge and add it to the left

section of the page, cut a 4" x 4" piece of *Sandy Toes and Sunkissed Nose* (b-side) and add it as a photo mat. Decorate the page with the sticker shown.

- Second Page with lateral flap

9. Take the second page and trim $1\frac{1}{2}$ " of the lateral flap. The width of the flap

now is $4\frac{1}{2}$ ". Open the flap. Cut a $4\frac{3}{4}$ " x 8" piece of *Dive Right In* and add it to the left section of the main page, cut a $1\frac{1}{8}$ " x 8" piece of *Dive Right In* (b-side) and add it to the right section of the page. Cut a $2\frac{1}{2}$ " x 8" piece of *Dive Right In* (b-side), tear the right border and add it to the left section of the flap, then add the card shown.

10. Close the flap, cut a $3\frac{5}{8}$ " x 8" piece of *Dive Right In* (b-side) and add it to the right section of the flap. Cut the border shown (L=8") and add it to the flap left edge. Add the card shown to the flap.

11. Flip over this page. Take the card shown and score a line at $\frac{1}{2}$ " on the 6" direction. Cut a $5\frac{5}{8}$ " x 4" piece of *Dive Right In* (b-side). Add the $\frac{1}{2}$ " score section of the

card to the left edge of this piece, then, add the *Dive Right In* piece to the bottom section of the page. Place the tag shown applying adhesive only on the right side to allow the card to get underneath. Cut a $5\frac{5}{8}$ " x 4" piece of *Dive Right In* and add it to the upper section.

- Third page with lateral flap

12. Open the lateral flap, cut a $5\frac{5}{8}$ " x $6\frac{3}{4}$ " piece of *Take a Dip in the Sea* and add it to the upper section of the main page. Cut a $5\frac{3}{4}$ " x $6\frac{3}{4}$ " piece of *Take*

a Dip in the Sea and add it to the upper section of the lateral flap. Trim the border with the stamps (*Enjoy the Waves*) and trim one section with $5\frac{5}{8}$ " width and another with $5\frac{3}{4}$ " width and add both pieces to the bottom section of the main page and the lateral flap.

13. Close the flap. Cut the piece section shown of *The Beach is Calling* ($3\frac{3}{8}$ " x 8") and add it to the left section of the flap. Cut a 8" x $2\frac{3}{8}$ " piece of *Take a Dip in the Sea* (b-side), rotate it and add it to the right section of the lateral flap. Add the Tag shown to the upper section.

Take the card shown, score a line at $\frac{5}{8}$ " on the 6" direction, fold it and add this section to the right side of the flap and centered between the upper and bottom edges. Add a small tag on the left edge of the flap (only half section with adhesive) to insert the card underneath.

14. Flip over the page. Cut an 8" x $1\frac{5}{8}$ " piece of *Take a Dip in the Sea* (b-side) rotate it and add it to the left section.
