38. Punch the holes to insert the pages in the rings, I also added the black holes reinforcement on the holes, but it is up to you. Place the pages in the sequence that you prefer, any combination will be good.

39. As an extra idea, I did 3 elements to insert into the pockets using red scallops and 4" x 3" cards (*Adventure Time*).

- a. Add a card directly to a red scallops paper, it looks like framed. You can add photos or memories at the back.

- b. Score a line at $\frac{5}{8}$ " from the left edge, fold it upon the score line and add the left edge of the card to this scored section. You have a place for memories and extra photos.

c. Take the border shown (leftover), fold it by the middle in the narrow direction and add one section to the card and the other section to the red scallop piece, it opens up and you have more space for photos and memories.

You've finished the *Curiouser & Curiouser* Binder Album, shown below with the coordinating *Curiouser & Curiouser* Cards (available separately).
